ProSystem *fx* Tax v. 2008.03041
Minnesota Individual Nonconformity Scan

The Minnesota legislature recently enacted legislation to conform with the December 2008 Internal Revenue Code. On form M1NC, if lines 3 through 15 contain an amount then the return will have to be amended. If only lines 1 and/or 2 on form M1NC contain an amount then no action is necessary as tuition and fees and the educator expenses deduction are still required to be included as an addition to income on the Minnesota return.

This scan will identify all returns calculated before Release 2008.03041 that contain Minnesota Form M1NC.

To install this scan:

1. Download the scan program into your ?:\WFX32 directory.
    (where ? is the drive letter where your ProSystem *fx* programs reside)

Download W08IMNNC.EXE

2. From Start/Run type ?:\WFX32\W08IMNNC.EXE
    (where ? is the drive letter where ProSystem *fx* programs are installed)

This self-extracting executable file will open a dialog allowing the user to select the location where the scan files will be extracted. The default location is C:\Wfx32 and should be changed to the user's Wfx32 directory location as appropriate.

To run this scan:

1. From Start/Run type ?:\WFX32\MNINDIVI ?
    (where ? is the drive letter where ProSystem *fx* programs are installed)
    Please remember, do not add a colon " : " after the last question mark (drive letter).

2. The scan output will automatically be sent to a text file which will be opened in Notepad. You can then use Notepad to print a copy of the scan output.
