

## ProSystem fx Tax v. 2009 2009 Federal Form 5695 Residential Energy Credits Scan

The credit amount from Form 5695, Part I, Nonbusiness Energy Credits was not initially included in 2010 Pro Forma. This 2009 credit from Form 5695, Part I, Line 11 should offset any available 2010 Form 5695, Part I credit. The 2009 credit was included in 2010 Pro Forma beginning with Release 2009.05030; returns proformaed after that release will include the amount. However, returns proformaed prior to Release 2009.05030 should be proforma again or the amount can be entered manually on Credits > 5695 – Residential Energy Credit > General > 2009 Nonbusiness Energy Credit (Interview Form P-28, Box 45).

This scan identifies 2009 Individual returns with credit from Form 5695, Part I, Line 11..

### To install this scan:

1. Download the scan program into your ?:\WFX32 directory.  
(where ? is the drive letter where your ProSystem fx programs reside)

#### **Download W09IFDEC.EXE**

2. From Start/Run type ?:\WFX32\W09IFDEC.EXE  
(where ? is the drive letter where ProSystem fx programs are installed)  
This self-extracting executable file will open a dialog allowing the user to select the location where the scan files will be extracted. The default location is C:\Wfx32 and should be changed to the user's Wfx32 directory location as appropriate.

### To run this scan:

1. From Start/Run type ?:\WFX32\FORM5695 ?  
(where ? is the drive letter where ProSystem fx programs are installed)  
Please remember, do not add a colon " : " after the last question mark (drive letter).
2. The scan output will automatically be sent to a text file which will be opened in Notepad. You can then use Notepad to print a copy of the scan output.
