ProSystem fx Tax
2011 1120S Texas Return Group Scan

This scan will identify 2011 S Corporation returns that are part of the Texas combined return group that have been updated. Anytime an update is made to any return, in the return group, calculation needs to be done. Running this scan will identify returns that were updated but have not been calculated prior to release 2011.04000.

This scan identifies S Corporation returns that are part of Texas return group that have been updated but have not been calculated prior to release 2011.04000.

To install this scan:

1. Download the scan program into your ?:\WFX32 directory.
    (where ? is the drive letter where your ProSystem *fx* programs reside)

    Download W11STXRN.EXE

2. From Start/Run type ?:\WFX32\W11STXRN.EXE
    (where ? is the drive letter where ProSystem *fx* programs are installed)
    This self-extracting executable file will open a dialog allowing the user to select the location where the scan files will be extracted. The default location is C:\Wfx32 and should be changed to the user's Wfx32 directory location as appropriate.

To run this scan:

1. From Start/Run type ?:\WFX32\TXGRPS ?
    (where ? is the drive letter where ProSystem *fx* programs are installed)
    Please remember, do not add a colon " : " after the last question mark (drive letter).

2. The scan output will automatically be sent to a text file which will be opened in Notepad. You can then use Notepad to print a copy of the scan output.
